

Geocentric Earth vs. Joseph Smith

Don't stress when people deride you for believing in a "flat earth".... They're AFRAID to have faith in the word of God because of the fear of men (and women). Do you say to yourself, "My, my... what would my friends think of me if I was some Bible believing weirdo. Mormons say "It is so much easier to hide behind Smith's demonic doctrines. After all everyone knows the earth is a ball". Don't let the mocking finger-pointers sway you from God's word over the wisdom of man (and women). God will have the last laugh.

Even Smith's neurotic, delusional, plagiarizing supports a firmament and the sun, moon, and stars WITHIN the firmament/expanse: 9)And again, I, God, said, Let there be a firmament in the midst of the waters; and it was so, even as I spake. And I said, Let it divide the waters from the waters; and it was done. 10)And I, God, made the firmament, and divided the waters; yea, the great waters under the firmament, from the waters which were above the firmament; and it was so, even as I spake. 11)And I, God, called the firmament heaven. And the evening and the morning were the second day... 18)And I, God, said, Let there be lights in the firmament of the heaven , to divide the day from the night; and let them be for signs and for seasons, and for days and for years, and let them be for lights in the firmament of the heaven, to give light upon the earth; and it was so. 19)And I, God, made two great lights; the greater light to rule the day, and the lesser light to rule the night; and the greater light was the sun, and the lesser light was the moon . 20)And the stars also were made, even according to my word; and I, God, set them in the firmament of the heaven, to give light upon the earth; and the sun to rule over the day, and the moon to rule over the night, and to divide the light from the darkness.- JST Genesis 1

6 And the Gods also said: Let there be an expanse in the midst of the waters, and it shall divide the waters from the waters. 7 And the Gods ordered the expanse, so that it divided the waters which were under the expanse from the waters which were above the expanse; and it was so, even as they ordered. 8 And the Gods called the expanse, Heaven. And it came to pass that it was from evening until morning that they called night; and it came to pass that it was from morning until evening that they called day; and this was the second time that they called night and day... 14 And the Gods organized the lights in the expanse of the heaven, and caused them to divide the day from the night; and organized them to be for signs and for seasons, and for days and for years; 15 And organized them to be for lights in the expanse of the heaven to give light upon the earth; and it was so. 16 And the Gods organized the two great lights, the greater light to rule the day, and the lesser light to rule the night; with the lesser light they set the stars also; 17 And the Gods set them in the expanse of the heavens, to give light upon the earth, and to rule over the day and over the night, and to cause to divide the light from the darkness.-Abraham 4

The Book of Abraham is where Smith (the fallen post Book Of Mormon translator) came up with the cockamammy notion of Kolob, etc. after publishing the above phony scriptures. I guess he couldn't make his mind up about stars; so he tried to cover all his bases. Personally proves to me how fallen he became because of the persuasions of men. Wow... so unreal and fanciful fables. Thank God for the books of Genesis, Job, Psalms, etc., in the KJV.

Do we REALLY believe in a spinning water ball with no sensation of spinning or even ripples in the water, etc.? Do we REALLY believe the sun is traveling through a milky (I should say murky) way. The kooks say "Right now, you're spinning with the Earth at over 1,000 miles per

hour, orbiting the Sun at nearly 67,000 miles per hour, and hurtling through the galaxy at around 500,000 miles per hour. But why don't we feel it?"
